4. SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures

Inhalation Remove from exposure. Remove victim to fresh air and keep at rest in a position

comfortable for breathing. Keep warm and at rest. Get medical advice/attention if

you feel unwell

Skin Contact Wash affected skin with soap and water. Remove contaminated clothing and

wash clothing before reuse. If irritation (redness, rash, blistering) develops, get

medical attention.

Eye Contact Flush eyes with water for at least 15 minutes while holding eyelids open.

None known.

Remove contact lenses, if present and easy to do. Continue rinsing. If eye

irritation persists, get medical advice/attention.

Rinse mouth. Give plenty of water to drink. Do not give anything by mouth to an

unconscious person. Get medical advice/attention if you feel unwell.
